I'm excited for my future! What do I want to be when I grow up? What am I going to learn? What don't I know? What do I want my college experience to be and who will I become? How do I build on my skills and strengths and grow as a whole person? Will I meet new people and make meaningful connections? I'm ready; let's go! I feel confident with my circle of support at UO. I explored what I'm interested in and am finding my path. I know what I believe and understand what I need. I care about my community and my responsibility as a citizen. I feel healthy, happy, and effective at work and in life. I have a plan for next steps and am prepared to achieve my goals. I value my UO experience and want to give back. I am ready to make the world a better place.
